

# Special offer on accessories for fogging test

We end this unusual year 2020 with two special offers for accessories and consumables for windscreen fogging tests! These offers are valid for orders that reach us prior to December 15 2020.

The easiest way for you to order is to ask us for the smaller or bigger package together with eventual other accessories you want at the same time.

From the left: gloss meter/trigloss, KERN-balance with 5 decimals and a Haze meter.

## Small package

Product	Article number	Quantity	List price [€]
Sealing rings, silicone rubber	EB 03.01	6 pcs	150
